## **SHL Telemedicine enters into Agreement with ChristianaCare for use of SmartHeart™ full 12 lead ECG technology**

*ChristianaCare, among the largest regional heart centers on the East Coast, to use SmartHeart™*

**Tel Aviv / Zurich, November 11, 2021** – SHL Telemedicine Ltd. today announced that it has entered into an agreement with ChristianaCare for the use of SmartHeart™ Platform and Services. SHL will provide SmartHeart™ 12 Lead ECG unit and technology for the delivery of ECGs and related services for use in certain clinical and patient care protocols.

Through this collaboration, ChristianaCare will deploy use of SmartHeart™ FDA cleared 12 Lead ECG through its Center for Heart & Vascular Health for home telemonitoring of patients discharged following a heart attack, to help decrease general and cardiac emergency department presentation and hospital readmission rates.

“We are very pleased to enter into this collaboration with ChristianCare’s Center for Heart & Vascular Health, which is among the largest, most capable regional heart centers on the East Coast of the US,” said Erez Nachtomy, CEO of SHL Telemedicine. “SHL’s unique FDA-approved and patented SmartHeart™ technology for performing full 12 Lead ECG will bring clinical benefits to patients of ChristianaCare as well as efficient use of its healthcare resource.”
